

**ELECTION AND REMARKS**

**Election**

Applicant elects the claims of Group I, namely claims 56, 59-63, 84-107 for continued examination in this application.

Applicant reserves all rights with regard to the non-elected claims.

**Amendments**

The written description and claims have been amended to correct typographical and grammatical errors, to improve the English syntax, and to conform the specification to the claims. The amendment to the second full paragraph on page 13 finds support in original claim 9 of the international PCT application. No new matter has been added by the amendments. It is respectfully submitted that a person of ordinary skill in the art reviewing the original text of the written description and claims would readily understand that the original intended meaning of the description and claim language is consistent with the language as currently presented.

Examination of the application as amended is respectfully requested.

Respectfully submitted,
